

EUROPEAN DIGITAL PORTFOLIO FOR UNIVERSITY STUDENTS

2015-1-CY01-KA203-011856 (November 2015 – October 2017)

Funded by ERASMUS+ Programme (KA2)

NEWSLETTER ISSUE 2, JANUARY 2017

“The e-Portfolio for all University Students in Europe is a reality...”
“EDIPUS, your portfolio on the Cloud”

The EDIPUS Project has established a working version of the newly created powerful tool, namely the EDIPUS Digital Portfolio Portal (Edipus-DPP), which is addressing the employability needs of university students and young job seekers. The DPP provides students with a digital area, where they can create their own portfolio of experiences and qualifications in a creative and professional way. The DPP is replacing the traditional CV and is offering a smarter tool to students to express themselves in a **transparent and comprehensive way**. In addition, EDIPUS is producing a Database of digital portfolios, where employers can have access and choose the right candidates for their company needs.

OUR OBJECTIVES

The EDIPUS DPPs will be hosted in a Database of digital portfolios with a smart search engine so as to successfully engage employers in the process of utilizing this tool for selecting their potential employees. The best portfolio could be the one that will make an employer offer a job placement without meeting the candidate face to face!

INVITATION TO THE CHALLENGE: BE PART OF THE PILOT PHASE AND WIN A BIG PRIZE while developing your DPP portfolio

We invite university students and recent graduates to participate in the EDIPUS workshops. You will be informed and trained how to develop your personal DPP, to see some samples and have a chance to practice its development on spot and ask questions. All students will have a chance to enter into a competition for the best EDIPUS DPP created by April 2017 and to give the developers some feedback on their experience. The best portfolio will receive a flight ticket to the Academic Student Conference ASTUCON 2017 in Cyprus during 15-19 November 2017 (www.astucon.eu) of value up to 500 euro and a free registration. Second and third prizes will receive tablets. Those participating in the workshops will receive a certificate and useful hints for creating the best portfolio.

For expression of interest for participating in a workshop in your area and to enter the competition please click here <https://goo.gl/forms/JQOptVYlhTcigwRX2> . Places are limited and priority will be given on the basis of date interest submission is made. You do not have to attend a workshop to enter the competition. Rules for the competition are published on the website www.edipus.me

Workshops will be organized in the following cities during the months of February and March 2017: Nicosia(Cyprus), Porto (Portugal), Piraeus-Athens(Greece), Rome (Italy), Brussels(Belgium), Vienna(Austria), Milan(Italy), Murcia(Spain)
